

ATTENTION!

Microsoft Exchange Server Administrators...

Introducing **GOexchange**[™] the
“Automated Maintenance Solution for
Microsoft Exchange 5.5, 2000, and 2003.”

An **Easy to Use** Tool for **Reducing**
Your **Administrative Time and Costs**,
Minimizing Unplanned Downtime,
and **Saving 30-55% of Disk Space**.

As an Administrator, your **Exchange servers are mission critical...** and **FAILURE is NOT an option**. Yet without proper maintenance, **DISASTER may strike** at any time.

GOexchange is the “Automated Maintenance Solution for Microsoft Exchange 5.5, 2000 and 2003”. You now command the ability to automatically run preventive maintenance that **checks, repairs, and optimizes** your Exchange Servers for optimal performance and stability.

So while you are attending to more important things, **GOexchange is**

- ▶ **Increasing performance and stability** by checking for and correcting errors.
- ▶ **Saving disk space** by defragmenting the average message store by 30-55%.
- ▶ **Optimizing** by permanently removing deleted items and corrupted objects.

...on several Exchange Servers, and even at multiple locations at once!

“After just one use of **GOexchange**, our information stores were reduced by 45-50% with thousands of errors, warnings and inconsistencies corrected.

Without **GOexchange** we would be unable to provide the current level of 99.999% uptime and availability to our customers.”
